Brewery Started Despite Prayers.
Some time ago when it was announced that a brewery was about to be started in Stroudsburg, Pa., a Methodist minister of the town, the Rev. R. E. Dixon, prayed that the building be shattered by lightning, and not long afterward it was actually damaged by lightning. This not only encouraged Mr. Dixon, but led many other people to pray for the destruction of the building. But in spite of all the brewery has been started and kept busy.

William Maxwell Evarts.
In the retirement of his old-fashioned but comfortable home in New York city William Maxwell Evarts is quietly awaiting the end. Mr. Evarts, who was 82 years old in February last, has been attorney general of the United States, secretary of state and United States senator. Though physically quite feeble, he is still clear and acute of mind and takes much interest in law affairs.

Inlets of Alaska.
About one-half of southern Alaska is water. The inlets and bays are so numerous as to be one of the wonders of the world. Both the salt water and fresh water are remarkably clean.

Hot in Chinese Restaurants.
Sam Moy, king of Chicago's Chinatown, says the number of Americans who eat at Chinese restaurants has not decreased on account of the Chinese trouble.

Seven Blood-Stained Copies.
You cannot always believe in the genuineness of relics shown to you in Europe. Literary Paris, for instance, is greatly agitated over the difficulty of deciding which is the genuine copy of "L'Ami du Peuple," which was stained with the blood of Marat when the revolutionist met his death at the hands of Charlotte Corday. So far seven copies have turned up, all solemnly accredited and all bearing the blood stain.

Place of Andre's Execution.
Maj. Andre's place of execution and the ground surrounding it in Tappan, N. Y., have been sold for non-payment of taxes by the heirs, who have entirely abandoned the property. There is talk of having the inscription obliterated and the monument taken to Nyack cemetery. If this is done all trace of the historic scene of Andre's execution may in time be lost.

Very Old Turtles.
Six turtles, each weighing from 400 to 450 pounds, and said to be about 250 years old, were recently shipped to Walter Rothschild, M. P., for his private zoological garden in London. They were captured in the Alboran islands, South sea. Mr. Rothschild now owns eighty-four tortoises of various ages and sizes. He has been collecting them for years from all over the globe. En route the tortoises received a whole cabbage a day for food.

Southern Churches Raise Big Sum.
Bishop Charles B. Galloway reports that the Methodist churches in the south have raised nearly \$1,000,000 of the \$1,500,000 they promised to contribute before Jan. 1, 1901, to the Methodist twentieth century educational fund, and he has no doubt the whole amount will be secured before the dawn of the new century.

Blind and Years Old.
Lucinda Taylor, who was once the slave of Henry Clay, has been sent to the city infirmary at Cincinnati. She is 110 years old and blind. When Col. Bolivar Buckner married Henry Clay's daughter the Taylor woman was given to Mrs. Buckner as a wedding present. She remained with them until slaves were liberated. The old woman smokes a pipe almost incessantly.

Empress Behind a Screen.
When the Chinese emperor receives either his own high officials or an occasional European visitor the dowager empress is present behind a screen, and, if only Chinese are present, she breaks in on the conversation with advice, or, rather, orders. The only man to whom she ever listens with deference is Li Hung Chang.

Wood Pulp Spun Into Yarn.
A Hungarian has discovered a method of spinning wood pulp into yarn so that it can be woven into a fabric that may be converted into various articles of clothing.

KILLED BY

A TRAIN

CHAS. PRYOR FOUND IN A DYING
CONDITION YESTERDAY.

He Had Been Crushed—Other News of
the Railroads
Here.

Charles Pryor, colored, about 22
years old, of 1131 South Tenth street,
was found yesterday afternoon in the
new yards, beyond the dispatcher's
office, lying beside the Illinois Central
track in a dying condition.
His hip was crushed and he was in-
ternally injured. He had evidently
attempted to board or fell from a
train, and been killed in the attempt.
He was taken home and died a short
time afterwards. Coroner Phelps held
an inquest, the verdict being that he
came to his death by accident.

Mr. J. F. Browninski, of the C.
and E. L., was in the city today.

R. H. McClain, formerly of Padu-
cah, has been appointed soliciting
agent of the N. C. and St. L. with
headquarters at Nashville.

The Illinois Central broke the pas-
senger records during the Memphis re-
union, carrying over 35,000 people
and five or six thousand pieces of bag-
gage without a single accident. One
day alone 11,000 people were han-
dled.

HURT IN A RUNAWAY.

Mr. Bell Gardner, the well known
gravel contractor, was injured in a
runaway today at noon. He was
driving on West Broadway when his
horse became frightened and ran away
turning the wagon over and the occu-
pant falling beneath, was run over by
one of the wheels and his left foot
badly mashed. The horse was also
injured. Dr. T. W. Polk dressed the
injuries. Mr. Gardner was taken to
his home on the Mayfield road and is

IT LOOKED LIKE TROUBLE.

Lee Murray a ship carpenter met
Alex Venters one of the men put on
the street cars when the motormen
were discharged a week ago near Sec-
ond and Court, yesterday afternoon
and called him a "scab."

Venters it seems, walked away and
tried to avoid trouble and Murray, it
appears, insisted. Venters finally
jumped on him and gave him as good
a beating as a man ever received, and
it is claimed that when he had used
his fists a while he then used a brick.
Murray's face was badly disfigured
and both eyes were closed. Venters
was arrested and gave bond. Murray
was able to attend court this morning
but the case was continued. His face
presented indisputable evidence that
there had been trouble, but Judge
Sanders will have to decide who was
to blame. Venters received one blow
which slightly decorated his counte-
nance.

GOES TO MISSOURI

MR. EUGENE C. GLEAVES TO EN-
TER THE BICYCLE BUSI-
NESS THERE.

Mr. Eugene C. Gleaves, of Dawson,
returned home today at noon after a
week's visit in this city. He will
leave Dawson shortly for Carthage,
Mo., where he will establish himself
in the furniture and bicycle business.
Mr. Gleaves was for many years con-
nected with the local firm of Gleaves
& Son, furniture and bicycles, and
possesses a thorough knowledge of
both branches of the firm's business.
He will no doubt meet with the de-
served success. For the past year or
two he has been on the road, as a trav-
eling salesman for the manufacturers
of the Cleveland Bicycle and has made
his residence in Dawson on account of
his wife's health.
